

# TIMI GBENGA

SOFTWARE ENGINEER

---

## OBJECTIVE

To obtain a challenging Software Engineer position where my creativity, problem-solving skills, and experience in building scalable digital products can be utilized to deliver high-quality solutions and drive business objectives.

---

## EXPERIENCE

### FRONTEND ENGINEER-INTERN

Mar 2025 - Aug 2025

Led the design team and mentored junior designers to enhance design quality and efficiency. Created wireframes, prototypes, and high-fidelity mockups for a variety of web and mobile projects. Collaborated closely with clients to understand their goals and translated them into effective, user-centered design solutions. Utilized WordPress to develop and customize webpages, improving the company's online presence and website functionality.

### MOBILE APPLICATION DEVELOPER

Apr 2025 - Jun 2025

Directed the redesign of the company's e-commerce platform, increasing sales by 25% through informed design decisions and user research. Conducted usability testing to optimize user experience and collaborated with development teams to ensure accurate and efficient implementation. Developed a mobile exam/CBT practice app for a client using React Native, delivering a robust and user-friendly solution.

### FRONT-END DEVELOPER INTERN

Jul 2024 - Sep 2024

Developed and maintained a suite of responsive websites, addressing real-world issues and implementing cutting-edge solutions to improve user engagement. Collaborated with clients and stakeholders to gather requirements, ensuring the delivery of tailored solutions that met their specific needs and exceeded expectations.
